

Status of T&P information in ENC's

18 March 2022

Not all ENC producers include Temporary and Preliminary (T&P) Notices to Mariners (NMs) in their ENC's. The following table lists the countries that are available in AVCS and whether they issue Temporary and Preliminary information in their ENC's.

Where they are not included in the local ENC, T&P NMs issued for ADMIRALTY paper charts are available through the ADMIRALTY Information Overlay (AIO). ADMIRALTY T&P NMs are also available through the ADMIRALTY Digital Catalogue.

N/A The ENC producer does not issue Temporary (T) or Preliminary (P) NMs for either paper or digital charts.
 NOT KNOWN The status of T&P NMs in the ENC's is currently not known.

- Notes:
1. T&P NMs are included in their ENC's if necessary and are considered case by case.
 2. P NMs are included in their ENC's only when they relate to a new or changed Traffic Separation Scheme
 3. Local language web site
 4. TNMs included in ENC's from January 2019
 5. TNMs only included if valid for more than 3 months
 6. T&P NMs resumed from March 2022 while ENC's are not updated

Producer code	Producer and link to NMs on their web sites	Information included in ENC's		ADMIRALTY T&P NMs included in AIO	Notes
		Temporary (T)	Preliminary (P)
