

Access to Notices to Mariners Tracing Files

July 2022

How to obtain Notices to Mariners tracing files on the distributor FTP.

Temporary Notice

Notices to Mariners tracing files will temporarily be unavailable in their usual location on the Notices to Mariners page on the Admiralty website. Instead, the files must be obtained via the Distributors FTP.

Information on how to access these files is available below, including the login details for the FTP.

Accessing the Distributor FTP

To access the UKHO Distributor FTP, use the following details with an FTP client (such as FileZilla):

URL: [FTP://ukho.gov.uk](ftp://ukho.gov.uk)

Username: Distributors

Password: SK8[J;RdGF

Note: The username and password details are case sensitive.

Weekly Notices to Mariners Tracings

After you've successfully logged in, you'll be able to navigate to the the "**WNMAgents**" folder to find the Weekly NMs and related tracings files.

Simply navigate to the relevant year and week and you'll find a "NM AND TRACINGS DATA.zip" file containing the tracings for that week.

Daily Notices to Mariners Tracings

After you've successfully logged in, you'll be able to navigate to the the "**DNMAgents**" folder to find the Daily NMs and related tracings files.

You'll find a list of "Daily" folders that contain a ZIP of the Daily NM tracings for that week.

We expect this temporary workaround to be in place until the end of July 2022 after which they will once again be accessible as a download from the Notices to Mariners section of the Maritime Safety Information pages on the website. We appreciate your patience whilst we bring these improvements to the service.

If you experience any difficulties, please contact the UKHO Customer Services on: customerservices@ukho.gov.uk
